## Case Managers are here to help you!

### What Does a Public Health Case Manager Do?

We focus on identifying children, families, elderly, and physically and/or intellectually disabled adults who have needs.

We provide help to assist you in new ways, and resources to meet your needs and prevent future problems.

We are experts in helping individuals and families make behavioral and situational life changes in order to improve their overall health and well-being.

We can help you with referrals to doctors, gas vouchers for medical appointments, getting needed medical equipment, and more! Call us to help you or others you know who may be eligible!

251-368-9198 or 251-867-5765
